Botanical Bulletin of Academia Sinica is issued quarterly, in January, April, July, and October, with one volume per year. Papers are published in English with a Chinese abstract.

Botanical Bulletin of Academia Sinica is sponsored by the Institute of Botany, Academia Sinica, and is open for papers on all aspects of botany. The scope of the journal extends from plant molecular biology through classical botany to taxonomy and ecology. The privilege of publication in the journal is not restricted to members of the institution; contributions from research workers worldwide are welcome. Papers submitted to this journal must be original and not have been published elsewhere. **Instructions to Authors** are published at the end of issue each year; copies can be obtained from the editorial office. Manuscripts are accepted in English, on computer disk. There are no page charges. Send the disk and two high quality, double-spaced printouts of the manuscript (including figures) to the **Editorial Office, Botanical Bulletin of Academia Sinica, Nankang, Taipei, Taiwan 115, Republic of China**.
