Journal of Business and Management

Submission Guidelines

1. **A submitted manuscript must be written in English with double-spaced, 12-point Times New Roman font and the single-column format.** It must contain original, unpublished work and is not being submitted for publication or review elsewhere.
2. If you are a first-time user of the JMS portal, please register as a new author to submit your paper files.
3. By submitting a paper to *JBM*, the author agrees to abide by the publication ethics stipulated in COPE (Committee on Publication Ethics) http://www.publicationethics.org/.

Instructions for Authors

1. **Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere.** (N.B. Conference papers may only be submitted if the paper was not originally copyrighted and if it has been completely re-written with less than 30% similarity.)
2. **Papers must be prepared in English.**
3. **The author must check and correct all grammatical or spelling errors before submission. There are various online software tools available free to authors, e.g., Grammarly Basic could be downloaded and installed free of charge and is highly recommended for JBM authors.**
4. There is no submission deadline for JBM. All papers are double-blind reviewed by at least two reviewers whose expertise matches the paper content. The processing time for the first-round formal reviews is about six weeks. Subsequent rounds of reviews tend to be faster.
5. To simplify file conversion effort, PDF or Microsoft Word (for Windows) DOC format is advised. Then, please submit your paper via the JBM Journal Management System (URL: http://gebrc.nccu.edu.tw/jms/).
6. JBM is a diamond open-access academic journal. According to international practice, JBM gives or takes no payment for submitting, reviewing, and publishing the paper. Once the paper is published, the author can download the paper from the JBM website freely for any usage, even for commercial purposes.
7. The submitted and accepted paper should follow the author guidelines for paper submission provided on the JBM website to format the pages for publication.

Submission Checklist

The submitted paper should include [1] paper title (15-30 words), [2] structured abstract (200-500 words), [3] 5-10 keywords, [4] the paper body (5000-10000 words), [5] references (30+), and/or appendices. The author(s) information should not appear anywhere in the paper body

file, including the page header and footer. The corresponding author of an accepted paper should follow the author guidelines for paper submission provided on the JBM website to format the pages for publication. During the initial submission, the format of the *paper body* could be freestyle. However, the citations must be complete using the APA styles, and the content must be organized using the sections suggested on the JBM website.

Each author must submit three separate files:

1. *Cover Letter*: Please suggest in the cover letter three or more reviewers for your papers who are willing to review and have published SCI/SSCI articles pertinent to your paper title with hyperlinks accessing their papers online. Behind the letter, please provide a copy of the *similarity check report* created by software such as *Turnitin, iThenticate*, etc. A paper without this report cannot be processed for any review.
2. *Title Page:* Please note in the file the title of the paper, names of authors, affiliations, addresses, phone numbers, fax numbers, e-mail addresses, acknowledgment of funding sources, and the four required author declaration statements.
3. *Paper Body*: Please prepare the file content following the instructions in the above paragraph. Please ensure that the authors' information is not in the paper body and the file properties. The structured abstract should not exceed 500 words, and the number of keywords must be 5-10 words. All tables and figures must be placed near the contexts used, not at the end of the paper body. Specifically, please make sure that your MANUSCRIPT file contains:
   (1) the paper title,
   (2) the structured abstract,
   (3) the keywords, and
   (4) the paper body.

Paper Review Process for JBM

		Second Reviewer's Decision			
Conclusion		**Accept**	**Minor Revisions**	**Major Revisions**	**Reject**
First Reviewer's Decision	**Accept**	Accepted for Publication	Send back for Revision, then Accept	Send back for Revision, then Reexamine	*
	Minor Revisions	Send back for Revision, then Accept	Send back for Revision, then Accept	Send back for Revision, then Reexamine	*
	Major Revisions	Send back for Revision, then Reexamine	Send back for Revision, then Reexamine	Send back for Revision, then Reexamine	Reject
